Dear Parent/Guardian

Nasal flu vaccine to protect against winter flu for school children in Reception classes and years 1 – 11 inclusive.

Nurses have been into your child's school today to administer nasal flu vaccine. We were unable to give your child the flu vaccine (for example, it may be that your child was absent or unwell). Your child can still receive the nasal flu vaccine as we are holding drop-in clinics on the dates shown in the table below.

To protect your child against flu, you are invited to attend one of our flu vaccination sessions (no appointment required) being held in the out-patients area of the General Hospital:

Venue	Day	Date	Time
Outpatients Department Jersey General Hospital	Saturday	14/10/23	9am-12pm
Outpatients Department Jersey General Hospital	Saturday	04/11/23	9am-12pm

If you returned a consent form to school, I have attached it to this letter. Please bring this with you when you come to the clinic. Please note the clinic dates above are the only sessions available for your child to receive the vaccination.

Sorry, we are unable to give flu vaccination to preschool age children at this clinic.

If you have questions please contact me (Immunisation Specialist Lead) on 01534 445790 or 07797 827391 or email V.Vale1@gov.je
