

3 November 2022

Dear parents / carers,

Elevate Training: Study Skills Evening for Parents

We are delighted to invite you to a parent study skills evening on Wednesday 23 November. This 60-minute session will be delivered by Elevate Education, who will also be working with your children to support them in preparing for their forthcoming mock and final examinations.

The programme will cover the following:

- 1. How parents can help their children effectively manage their time;*
- 2. How parents can help their children become motivated and stay motivated;*
- 3. The different types of work students should prioritise across the year to maximise results; and*
- 4. How parents can help children work effectively with technology whilst minimising distractions such as social media sites.*

The evening is open to parents/carers of students in Year 11 at both JCG and Victoria College. The evening will be hosted by Victoria College, with the presentation taking place in the Great Hall from 6pm 23 November.

Your Elevate presenter will have been conducting revision and study skills seminars with Year 11 in both Colleges during the day, so students should not attend the evening presentation; we hope that by inviting parents to these sessions they will feel better equipped to support their children during these vital months ahead of GCSE examinations.

The session is free to attend, but we do ask that you complete the ticket request using [this link](#), so that we have an idea of numbers of attendees.

We look forward to seeing you at what, we hope, will prove a valuable evening.

Kind regards,

Karen Palfreyman
Assistant Head Curriculum, Teaching & Learning
