

Dear Parent(s),

Re. Monday 17th July – Jersey "Fire and Ice" Walk – Activities Week

I wanted to write to pass on more information regarding our Iceland Trip and the excursion planned for Monday, 17th July, where we plan to take the Iceland group for a coastal walk of part of the northwest coast to learn more about the processes which have shaped the geology of the island.

I am pleased to report that we have received all payments, and I have a complete spreadsheet of passport, medical and travel information. Additionally, I am pleased to inform you that we are offering an optional and free coastal walk on Monday, 17th July, designed to create a link between the volcanic and glacial landscapes we will see in Iceland and the geology of Jersey. With the help of Jersey Walking Adventures <https://jerseywalkadventures.co.uk/>, we plan to take the pupils on a guided walk from Plemont to L'Etacq, finishing in the northern part of St Ouen's Bay with beach games.

6th Form Geography Pupils – 17th July

Parents of 6th Form Geography pupils will have received a letter from me regarding your son's NEA (Non-examined assessment) requirements and the strong recommendation to use this day to collect data for their fieldwork rather than attend the walk; however, they remain welcome to participate, and if they wish, can collect fieldwork data in their summer break. If I could ask the parents of 6th Form pupils to complete the sign-up form along with all other parents and indicate attendance, I would be extremely grateful.

Sign Up

If I could ask every parent to please complete this short form to ensure I have accurate numbers, I would be extremely grateful.
