

***Free taster lesson available in piano/keyboard/violin***

Dear Parents

As an experienced visiting private teacher of violin and keyboard/piano - I offer individual lessons at VCP.

Primary school children are an ideal age to start an instrument, and it is a wonderful opportunity for them to start their musical journey.

If you would be interested in your son receiving individual violin or keyboard lessons, please feel free to contact me directly via email and lessons can start immediately - [mariellawildbur@gmail.com](mailto:mariellawildbur@gmail.com) -

I am delighted to be able to offer a **taster lesson** for anyone interested in starting, with no obligation to continue. This lesson will only be charged for should they wish to continue, in which case it will count as their first lesson for the term. However, if they decide after the taster that it is not for them, the lesson will be free. If you would like a taster lesson for your son, please contact me directly via email and I can set this up - [mariellawildbur@gmail.com](mailto:mariellawildbur@gmail.com) -

**“Research has proven that when a child plays a musical instrument, he or she is developing key brain function that not only enhances musical learning but also academic and social skills”**

Charges

Half-termly charge

30 mins individual - £125

20 mins individual - £87.50

Many thanks,

Mariella Wildbur
